where top garden designers get their plants

Autumn 2009

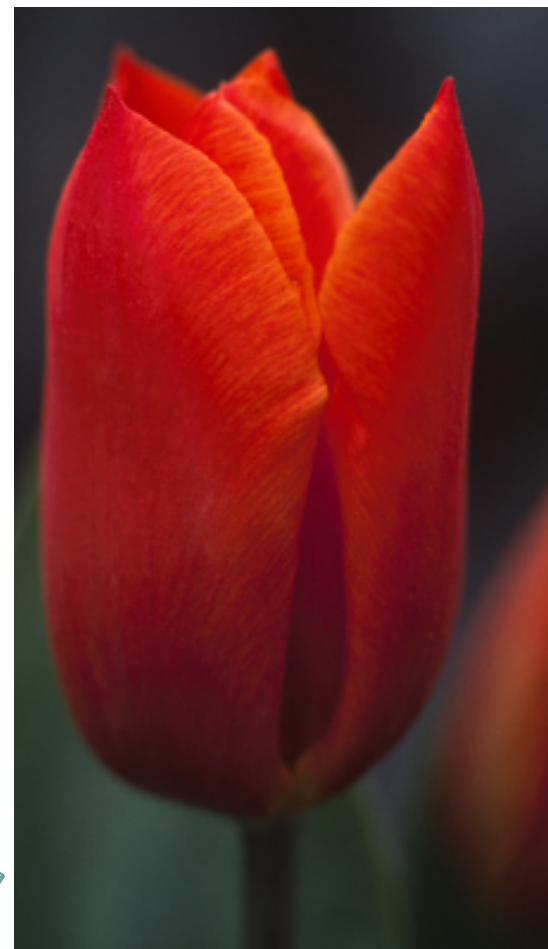

Hello...

Bulbs are one thing you can never have enough of, and they are best planted in swathes. Here are the best of the new and the classics of old. We hope you love them as much as we do.

information

Bigger is Better

It is with bulbs! To ensure you get the biggest and most luxuriant flowers, we only use 'Top Size' bulbs. The Narcissi vary: Paperwhites are the biggest at

16/17, Daff types are 14/16cms, more petite varieties are 12/14's. Tulips are 12cms or more and crocuses 5/7's.

Our one-year guarantee

We'll replace any fully hardy shrub, tree or perennial that dies within a year of you buying it – provided it died of natural causes!
